

**Bethel Township Board of Trustees
November 16, 2021
Workshop Meeting**

Admin:

1: Agenbroad Drainage

- **Administrator Ehrhart presented information received from the Miami County Engineers office about the Agenbroad Drainage Project. There was discussion on the parts of the project and order in which should be done. Administrator Ehrhart and Trustee Black are going to walk the drainage creek to get a better understanding of the drainage in the area.**

2: Wage information

- **Administrator Ehrhart presented the Trustees with salary information on other areas as pertaining to wages for full time personnel.**

3: TIF Properties (Identification)

- **There was discussion on properties that the Township would like to pursue TIF's on in case of future development demands and cost coverage.**
